For Immediate Release

The Honourable Mr LEUNG Chun Ying, GBM, GBS, JP, present at Quality Building Award 2014!

HKDI & IVE (LWL) Wins the Quality Excellence Award

June 08, 2014 – Hong Kong - Quality Building Award (QBA) was honoured to receive **The Honourable Mr LEUNG Chun Ying, GBM, GBS, JP**, The Chief Executive of HKSAR, as Guest of Honour at the QBA 2014 Award Presentation Ceremony. The Grand Award Winners, Merit Winners, Finalists of QBA, and winner of the Quality Excellence Award were revealed at the Ceremony on 6 June 2014 (Friday) at the JW Marriott Hotel Hong Kong.

Under the theme of “**Collaboration for Quality**”, QBA 2014 had received overwhelming participations and nominations from each industry. In order to distinguish the best project among all the Grand Award Winners, QBA 2014 presented the Quality Excellence Award. The Winner of the Quality Excellence Award this year is The New Campuses of Hong Kong Design Institute & Hong Kong Institute of Vocational Education (Lee Wai Lee).

QBA 2014 Jury Panel Chairman, Mr Frank CHAN, JP, said, “The competition was incredibly fierce this year. Narrowing down the winners for every category was truly a daunting task. The amount of meticulous planning, execution, and teamwork it takes to create a quality building is truly monumental and greatly humbling. I am proud to have had a chance to serve in promoting quality excellence and upholding the highest standards of professionalism in the building industry.”

Jointly organized by nine professional organizations in Hong Kong, this year QBA2014 has differentiated the “Buildings Outside Hong Kong” Category into two separate categories, one specifically for buildings in Mainland China, Taiwan and Macau, and one for all other regions outside. The expanded coverage attracts even more internationally prominent buildings to enter the competition, which in turn widens the outlook and raises the overall standards of the building industry.

QBA 2014 Organizing Committee Chairman, Ir Alkin KWONG, JP said, “The Quality Building Award shows a collective commitment by the building industry to push for the highest building standards in order to improve the quality of life for everyone. We hope to invite more international buildings to participate in this competition, which will further raise the benchmark for the building industry. It has been my honour and pleasure to take part in organizing this year’s QBA 2014.”

About QBA

Quality Building Award (QBA) was established in 2001. Jointly organized by nine building and construction related professional organizations in Hong Kong, QBA is a biennial award giving public recognition to buildings of outstanding quality that have demonstrated excellent teamwork. The provision of quality building is an essential ingredient of a prosperous and modern society, and thus the Quality Building Award aims to promote a collective commitment by the building industry to maintain the highest standards of professionalism and competitiveness.

About QBA 2014

Quality Building Award 2014 is jointly organized by nine professional organizations in Hong Kong (*in alphabetical order*):

- The Hong Kong Institution of Engineers – Building Division (HKIE-BD) [*Alternate Chair for QBA2014*]
